My Portfolio

CAREER OBJECTIVE

To transition from a coordination and support-based role into a specialized position in data and analytics, contributing to accurate, insight-driven decision-making and operational efficiency. Leverage experience in data analysis, issue identification, and cross-functional coordination to support process optimization, strategic planning, and sustainable business growth. Seeking to grow with an organization that values data-driven thinking, structured analysis, and professional execution.

WORK EXPERIENCE

Administration & Coordinator (Marketing Division)

GMO-Z.com NetDesign Co., Ltd. | 2022 – 2026

- Planned and coordinated marketing activities from concept development through campaign launch in alignment with business objectives.
- Analyzed customer feedback and issues; prepared structured insight summaries to support improvements in the point exchange system based on user behavior.
- Consolidated and interpreted survey data and customer support insights to identify key pain points and support targeted system enhancements.
- Coordinated cross-functionally between marketing and technical teams to translate insights into practical, implementable solutions.

Associate Technical Support & Operation Support

Hauptcar Co., Ltd. | 2019 – 2020

- Monitored vehicle status, maintenance schedules, and outsourced services to ensure smooth daily operations.
- Identified and resolved basic system issues while coordinating with internal teams and external partners.
- Prepared operational documentation and summarized incentive and benefit data to ensure accuracy and traceability.
- Improved the vehicle key management process across teams, enhancing clarity and operational efficiency.

EDUCATION

Bachelor's degree

Suan Sunandha Rajabhat University, 2014 - 2017

- Bachelor of Business Administration (Airline Business)
- International College

QUALIFICATIONS

- Demonstrate structured and analytical thinking with a clear understanding of end-to-end workflows.
- Make data-driven decisions based on evidence and rational analysis.
- Take ownership and accountability for accuracy and assigned outcomes.
- Remain open to feedback to refine analysis and improve results.
- Collaborate effectively in cross-functional and fast-paced environments.
- Maintain strong attention to detail and data accuracy.
- Prioritize tasks efficiently while managing multiple responsibilities.
- Adapt quickly to changes in systems, data, and operational processes.
- Commit to continuous improvement and professional growth.
- Demonstrate readiness to grow into a specialized analytical role.
